UNIT 112 – ANTELOPE DOE HUNT \$200 plus \$102.83 Tag Fee

CTO DRAW DATE: November 1, 2020 AVAILABILITY: 8 youth participants

Parents, we have an incredibly unique and awesome opportunity to hunt Colorado this Fall for antelope doe's!

Description of Hunt: This is a Guided, open-range antelope hunt in Southeastern Colorado. We will have the chance to harvest Prairie Dogs, Varmints and Antelope Doe's only. (1 per license) Antelope are abundant on the ranch so every kid should get a good opportunity.

There are quite a few restrictions that will apply to this hunt. **DRAW DATE:** To be fair, every kid who registers for the hunt will be put into a drawing and we will be drawing from a random raffle on November 1st. **Only 8 participants will be drawn.** Youth participants will have to pay for the hunt and have their tag applied for by November 10, 2020 or another youth participant's name will be drawn.

Each youth participant will have to provide a **School Report Card** showing that he is passing all classes and will have to be prepared to take 3 days off from school.

Agenda: We will be leaving San Antonio at 6am, Thursday morning on December 9th. We should arrive at the ranch by 7pm that evening and will hunt Friday thru Saturday, leaving to head back on Sunday, December 13th arriving back in San Antonio by 8pm.

All meals, fuel and guide fee's will be covered in the cost of the hunt, along with ammunition.

Youth participants will not be allowed to bring their own firearms. Most shots will be over 200 yards and therefore, we want kids using our firearms sighted in for long range.
